This Town
By Amos the Transparent

C#m B A
I write songs for all the boys and girls at home with broken hearts
B Abm B
I think I can play that part
C#m B A B
I don’t write songs to fill your bank accounts and fill your hearts with doubt that I'll never, ever get
E A
out of this town You'll never get
out of this town thinking that way

Some days I think of you as a movie star, do you ever wonder who you are
'Cause it must be so difficult living day to day sharing someone else’s fate
knowing you'll never, ever get out of this town
