

(here's to) New Beginnings  
By Amos the Transparent

E C#m  
Love, I've been untrue  
I feel for another after falling for you  
and love of mine, I've been out walking  
These empty streets, my pacing feet the only sound  
A E C#m  
and where were you

F#m A E (2nd Chorus - D)  
That's the thanks that I get, I'd rather that than another hole in my head  
That's the thanks that I get, for loving you

I, for one, have been counting my blessings since she went away

E C#m G#m B  
I've been trying so hard  
E D C#m B  
Just to see you, to see you fall apart  
E D C#m B  
Then we'd share one thing from the start  
E C#m G#m B G#m A B C#m  
Here's to new beginnings and broken hearts
