

All you belly dancers! Unite! We are but sorrowed men...  
By Amos the Transparent

D F#m/B  
G  
Bm A G Em F#

Bm G  
When you're caught sleeping is your mind dreaming of this?  
and when you're out messing around is this what you miss?

Bm Bm/A G Em F#  
If I crawled back again, would it end  
Bm Bm/A Cadd9  
I promise I won't loose my nerve again

D D/F# Gm6  
So what of second chances, all you belly dancers?  
D D/F# Cadd9  
and of loves great romances, are we so misunderstood?

It seems youre a thousand miles from where we made our names  
and in your position, anyone could surely do the same  
But I've no qualms looking down, I have no other way  
A change won't help us, a change won't show us to relate

(chorus)

D D/C#  
now it's cold and your alone  
G  
you ask me, how's that do?

all the stars are aligned, shouldn't you feel brand new?

D D/F# Gm6 Em F#  
D D/F# Gm6 Bb

(chorus)
